DETAILED ACTION

Response to Amendment

The amendment received 5-30-2006 overcomes the examiner's prior art rejection. Hence claims 7-8 and 10-26 are allowed. Claims 1-6 and 9 were cancelled.

Allowable Subject Matter

The following is a statement of reasons for the indication of allowable subject matter:

1. The applicant has amended claims 1-23 per the examiner's comments, hence these claims are allowed. Claim 24 incorporated claim language which was not previously indicated as novel (by the examiner) but he believes it to be in condition for allowance (with reasons similar to claims 1-23).

2. The IDS presents two pieces of prior art which do not read on the applicant's claims since they do not propose the same measuring concept as taught by the applicant (see their specification, page 8, L5-25).
